Concepts of Nursing III** PN-203	120	180	12	GRADUATION	Lecture hour – 1 credit = 15 hours Clinical/Lab hours – 1 credit = 45 hours Science Lab hours – 1 credit = 30 hours (BI-171, BI-172) Program length – 60 weeks	Credits	12
Credits							

The nursing curriculum is dependent upon proper sequencing of courses. All non-nursing courses in this curriculum are to be completed prior to or during the semester in which they are listed. Approved science/general education courses may be transferred in.

All St. Peter's University courses are offered online except for the science courses (BI courses)

The general education and science courses in the curriculum plan shown above are St. Peter's University courses.

Nursing courses are offered through Holy Name Medical Center Sister Claire Tynan SON.

**Nursing Courses = 32 credits

* College Courses = 17 credits

Total Credits = 49 credits
